

Job Opportunity: Civil Inspector - Surveillance (Demolition, Berth and Civils) - Port Kembla Gas Terminal (PKGT)

Tattarang, is one of Australia's largest private investment groups and is owned by the Forrest family. Our investment portfolio spans across agri-food, energy, resources, property, hospitality, sport and entertainment. The group is made up of six business divisions: Fiveight, Harvest Road, SFM Marine, Squadron Energy, Wyloo Metals and Z1Z. We believe in investing for growth and pursue opportunities in both the listed and unlisted space with a long-term investment horizon.

About the Project

The PKGT is strategically located in an existing industrial port, located a short distance (13km) from the existing Eastern Gas Pipeline (EGP) which provides a major natural gas arterial between Victoria and NSW. With construction forecasted to take 18-20 months, putting the project on track to supply more than 75 per cent of NSW's gas needs by the end of 2022.

AIE, part of Squadron Energy Group, are developing the PKGT project and are also accelerating the associated development of a dual fuel – LNG – Hydrogen 800MW power station in the Illawarra to be initially fuelled by gas from the (PKGT). The design provides for large scale dispatchable power and the ability to transition to hydrogen fuel as Fortescue Metals Group and other hydrogen suppliers bring industry-scale production online.

About the role

As the Civil Inspector - Surveillance on OKGT your primary focus is interacting with the EPC Contractor's field supervisory team and workforce, spending more than 80% of your time in the field building relationships and interacting with the contractor's field supervisory team and workers.

In addition to:

- Be a safety leader on site setting and maintaining high expectations of the Contractor who will directly manage site safety
- Build relationships & liaise daily with the EPC contractors field staff on all matters related to field construction works
- Liaise with and support other members of the AIE team delivering their scopes
- Support Project Engineers in their daily interactions with the EPC Contractor's teams on various matters
- Review contractor's submitted ITP's, check sheets and provide comments to the project engineers on adequacy
- Review and comment on the EPC Contractor's work method statements
- Attend Contractor's prestart meetings and provide Input from an Owners perspective
- Maintain comprehensive daily records of site activities including details of progress, delays, equipment breakdown etc that impact on progress
- Regularly visit crucial components of the build to ensure compliance, adherence to process and functionality
- Identify quality control issues, raise issues directly with the EPC contractor seeking resolution, where resolution cannot be achieved, escalate the issue to the Project Engineer
- Participate in safety in design workshops facilitated by the EPC contractor on an as required basis

The EPC contractor has primary responsibility for delivering the work covering all aspects of safety, environmental management, quality, timely completion of the works and compliance with the requirements of the Contract.

The AIE's Owner team are tasked with stewarding and providing oversight of the EPC Contractor In all areas of the works to provide a high level of assurance that the EPC Contractor Is delivering the works In accordance with the Contract.

About you

You will have a history of representing Owners/Clients on non-process infrastructure intensive projects, with proven relationship building and strong communication skills. You will have 20+ years' experience on construction projects that involve bulk reinforced concrete works, civil works and/or related disciplines. In addition to:

- Trade and post trade qualifications In a relevant field
- Experience delivering mechanical, piping and structural steelworks is desirable
- Experience with major demolition works Is also desirable

- Ability to effectively use Microsoft Office software such as word and excel
- Experience on Oil and Gas and/or resource projects Is desirable but not essential

Next Steps

If this sounds like you and you would like to play a pivotal role in the project, click apply! We look forward to hearing from you.

Tattarang and Minderoo Foundation embraces Equal Opportunity and promotes diversity. We actively encourage Aboriginal & Torres Strait Islanders, people of all backgrounds, ages, sexual orientation, and those with Disability to apply.
