

Site Quantity Surveyor

Tattarang, is one of Australia's largest private investment groups and is owned by the Forrest family. Our investment portfolio spans across agri-food, energy, resources, property, hospitality, sport and entertainment. The group is made up of six business divisions: Fiveight, Harvest Road, SFM Marine, Squadron Energy, Wyloo Metals and Z1Z. We believe in investing for growth and pursue opportunities in both the listed and unlisted space with a long-term investment horizon.

Squadron Energy is our Australian resources company focused on projects in natural resources and renewable energy. Squadron Energy looks to invest in initiatives, research, technologies and projects that will support and accelerate the transition to a low carbon economy.

AIE is 100% owned by Squadron Energy and focussed on development projects in the natural resources and energy sectors.

About the role

The Site Quantity Surveyor is to provide daywork record verification and contract support across the Port Kembla Gas Terminal construction activities. The following also forms part of the role:

- Undertake on-site assessments of activities relating to the accuracy of daywork records and progress measurement (verification of installed quantities)
- Final quantities for inclusion within monthly progress claims.
- Interface with site-based Contractor teams in reviewing daywork records
- Undertake on-site daywork records analysis to verify accuracy of claims for Variations, Delay or Payment
- Provide general contract guidance to the construction team
- Support the CP Manager, Contract Holder & Construction Manager in the execution of the construction contracts.
- Work closely with the Senior Contracts Engineer.

Please note this opportunity is a Fixed Term contract until 30th June 2023.

About you

- History of representing Owners/Clients on infrastructure projects preferred
- 10 or more years' experience on EPC, design and construct only projects
- Experience in heavy civil and ports developments will be highly regarded
- Experience in the oil and gas sector is preferred
- Reading and understanding of construction drawings
- Proven leadership and relationship building skills
- Strong communication skills
- Organisation and problem-solving skills
- Strong understanding of and application of relevant Australian Standards
- Exposure and use of contract management processes and procedures
- Ability to effectively use Microsoft Office
